YOUTH REENTRY – MONTANA

Youth Corrections Division

BUILDING CONTINUITY FOR COMMUNITY SAFETY

Steve Gibson, Administrator
Youth Corrections Division
406-444-0851

Karen Duncan, Bureau Chief
Youth Community Corrections
406-444-4390

COLLABORATION:

United States Departments of:

- Justice
- Labor
- Education
- Health and Human Services
- Housing and Urban Development
- Commerce
- Veterans Affairs
- Social Security Administration

These Departments provided funds for the “Reentry Initiative”. Related agencies in Montana are involved at the local level.

The Youth Services Division of Montana obtained a three-year grant to expand services to youth.

The Division developed **Juvenile Reentry Aftercare Coordinators**, “**Guide Homes**” (foster homes for hard to place youth), community **Mentors** and enhanced **Faith Based** and health related services.

Services are provided to youth returning to the community from a secure correctional facility placement.

Two **Juvenile Reentry Aftercare Coordinators** work with the facility staff, community staff and community reentry team members to assure the smoothest transition possible.

Family Integration and Commitment Meetings: Specified family members will visit the Correctional Facility to acquaint themselves with the treatment programs provided.

There is funding available to assist family members with these travel expenses.

Reintegration Community Support Teams: Local teams to work with Juvenile Parole Officers to support youth successfully returning to the community.

PLACEMENT

Youth Homes Inc. Programs

Founded in 1971, Missoula Youth Homes now Youth Homes, Inc. is a non-profit organization in Western Montana, which cares for children who are unable to live with their own families. These children have usually experienced a high level of abuse, neglect or family crisis, and are themselves exhibiting behavioral and coping problems.

Over the years, we have developed an array of services to meet a variety of needs. Our three core areas of service include out-of-home group care, emergency shelter care and foster and adoptive services. Currently, we operate six group homes, an emergency shelter in Missoula, Flathead and Ravalli County, and a foster care and adoption program. Today, we serve the out-of-home needs of over 200 children and their families daily.

A.W.A.R.E., Inc.

A.W.A.R.E., Inc. programs are designed to offer specialized community-based services and supports for persons with challenging mental, emotional and, in some instances, physical needs who otherwise would be served in a more restrictive setting or perhaps not served at all.

A.W.A.R.E., Inc. is a non-profit organization that provides a variety of community-based services for families and children. Because A.W.A.R.E promotes a “wrap-around” philosophy, services are strength-based, family focused, individualized, and comprehensive.

Shodair Children's Hospital provides **acute and residential psychiatric treatment for children and adolescents**. The hospital currently has 12 beds for patients needing acute care, with a new 20-bed acute care unit opening in 2006. Residential treatment facilities include a 14-bed children's unit (increasing to 18 in 2006), and two adolescent treatment units with a total of 42 beds. The hospital employs five full-time board certified psychiatrists, a psychologist, licensed therapists, nursing staff, certified teachers, mental health technicians, and recreation, play, art, and music therapists in a fully integrated multi-disciplinary treatment model.

Genetic evaluation and counseling provides individuals and families with information about actual or potential inherited diseases and conditions—those that may already have been diagnosed, or those that patients may be predisposed to develop. The **Medical Genetics** Department offers a variety of services, including patient evaluations, cancer risk assessments, genetic counseling and education. Common reasons for evaluation or counseling can include a variety of conditions, including: birth defects, behavioral abnormalities, familial hearing loss or blindness, abnormal growth patterns, chromosomal abnormalities, congenital, or prenatal exposure to drugs, alcohol, or medications.

SERVICES

Workforce Investment Act (WIA) Fact Sheet

Montana's Local Workforce Areas:

- Montana is divided into two local areas WIA programs: the Concentrated Employment Program (CEP), which covers the 10 counties around Helena, Butte and Dillon, and the Balance of State (BOS), which includes the 46 remaining counties.
- The Montana Association of Counties selects a 10 member "council of Commissioners" for each local area. These councils appoint the members of the local Workforce Investment board (WIB) in their respective area (CEP or BOS), which serves as the local policy board managing WIA programs and the local workforce investment One Stop Delivery System.

Funding Flow

- CEP & BOS Local Workforce Investment Areas receive WIA funds from the US Department of Labor, passed through the Montana Department of Labor and Industry, to provide employment and training services to ADULTS, DESLOCATED WORKERS AND YOUTH throughout Montana.

How Does WIA Work?

- WIA represents a significant change to business as usual for employment and training and other human service programs. WIA requires 17 separate federally funded programs to collaborate and coordinate services to simplify access to services by job seekers and employees. This customer service strategy is referred to as the "ONE-STOP DELIVERY SYSTEM"
- A key Feature of the WIA One-Stop System is the ONE-STOP, managed by a ONE STOP OPERATOR, where customers can access the services of multiple programs including WIA, Job Service, Voc Rehab or any of the other 17 mandatory partner programs at a single location.

Montana Job Training Partnership

- Montana Job Training Partnership, Inc. (MJTP) is a private non-profit business hired by BOS and CEP Councils of Commissioners and WIBs to be the administrative entity and provide day-to-day management of the WIA One-Stop system.

- (MJTP) contracts with local organizations such as the Job Service, Human Resource Development Councils, the AFL-CIO and others who work together to provide employment and training services in their communities.

Montana Board of Crime Control

The Board of Crime Control is the state's designated planning and program development agency for the criminal justice system. The Board is attached to the Department of Justice for administrative purposes only.

The Board provides funding to local, regional, and statewide projects with the central goal of making Montana a safer state.

The Crime Control Division administers federal anti-drug and anti-crime grants, certifies peace officers, and provides funding for programs that assist victims of crime. It also collects and analyzes crime data from Montana law enforcement agencies and publishes the annual Crime in Montana report.
